Friday August 1, 1969

I drove to Haverhill and got the two hangers of costumes, wig, hats etc, and Wilder Scouts helped get them up into the hall and I went over to Buryers the funeral home in Rockport and got the grass and got it spread out on the stage and wherever I needed it for the figures on the platforms. Ruth & Maggie came over after supper when people came to try on the costumes and get them sized and I had today screens, legs and chairs and little table up from Love House. So all is ready except for a few last thing which can do in the morning. To say relief early. Brooks was to be a downman usual got back to Squem from Marion where he was bringing his boat by this evening and will get the windows blacked out to-morrow morning.

Saturday August 2

The day of the Fair and I got a few last thing done and people came at noon for the make-up and to get into their costumes and we opened on the stage at 2 o'clock. Peg Usher took tickets at the door and Dan, Deshler and Barbara Barry sold them down stairs and by the time we had had three performances we had made expenses of costumes though they had come to \$16.20 more than other years as I had to have so many wig and the cost of costumes have gone up. The figures were Alice in Wonderland and the Duchess, Charles Prince of Wales, Three winters from Macbeth. Little Buttery Jacqueline Kennedy Onassis, Piel Pigeon, Hamlet Villages Blacksmith. Little Red Robins Hood, on the

the Duel of Aaron Burr and Alexander Hamilton, Little Bo. Peep, Hewanet & Nokomis and Betty Ross. Some of them are figures that I have shown before, some years ago but couldn't think all new ones. Larry told the audience that this was my final performance of the Wax works and I really can't do it again but perhaps Smiley Riegels will. Anyway at the end there was a huge crowd and a lot of applause for me and Don Lester said we just leave everything and lock the Hall and that he some of the men would help me in the morning and get the costumes packed and everything brought back to Cove House. So the Fair is over though I haven't heard how much it made (the Wax works cleared \$300) but think it was not quite as big as usual.
Sunday, August 3

Went up to the Hall at 10 and met Don, Larry and Don McLean and they loaded things into my car and got things in place in Cove House and backgrounds down, and as much done that I was able to leave the grass at the undertakers on my way to the South Shore for the opening of the 2nd exhibition where my Christmas Shopping is done. Ruth and friend Doris Bailey stopped in for a while in the evening with her for the week-end and she and Maggie & Ruth had come to the Waxworks and had had supper with me during the Fair.

Monday, August 4

Drove over to Haverhill and returned the costumes and selected one for me to wear to the South Shore Costume Ball on the 15th

In the evening watched on TV the return of Pres. Nixon from a tour of parts of Asia, Rumania and England. Some of our troops are back from Vietnam and N. is trying to end the war.

Tuesday August 5 Everyone very enthusiastic about the Waxworks

Did some jobs around the house and in the afternoon drove over to Maggie's where she had invited some people for tea. Ruth, Kate Brackley, Harriet Garfield, Mrs. Clark (Grace Reasoner) who I knew some years ago in the Tenway Studios. Quite hot and we had iced tea on the terrace. All of them interesting women. Marge is under the Dr's care ~~for~~ Has had swelling and sores on his legs for some time. Has finally seen him and I think it is a form of dropsy excess of fluids, has to lie down with legs elevated. Called her up as I knew she had always come to the Waxworks and wanted to know about them. Says she is better that it will be slow.

I went to see to persuade Bonnie to away
 for a week's vacation. Apparently she and B. got on
 each others nerves and feels she must relax for
 while. I called K. later and she said she had written
 Brooks and then had tried to get Bonnie to come,
 but she didn't feel Brooks should left alone.
 I called Bonnie in the evening when I know
 Brooks would be out for her Bridge party. She said
 she would love to come to me for a visit and
 would like to be superstitious and financed soon as
 Jewell in Boston but feels she can not leave
 Brooks alone even though the Gantz's will still
 be in the apartment. She said B. had had several
 falls doesn't seem herself, just stares out the
 window, forgets things and can not control his
 bladder sometimes. I told B. I would call Brooks
 to-morrow and see if he seems to me.

 like a little time to herself. She said the Gantz's are
 definitely leaving on Monday, have found a apartment in
 Boston near their son and Brooks hopes those
 people will move in right away though Brooks will
 have to get some furniture for them. They will help her.
 The girl will clean and wash dishes and that and the young
 man though will have to take some time for her.

studies, (getting ^{fellowship in} ~~degrees~~ ^{mathematics} at Princeton) will do things for her round the place and only want a little time to organize the new people herself without Bonnie trying to do ~~some~~ so much to help. Thursday, October 2

Don. Laundry came in early and has taken in my screen and screen doors and taken up my little fence around the flower beds and taken my sign. He leaves Saturday for a trip to Bermuda and Nassau with his "girlfriend" leaving his car in Cleveland until they move to Florida for the winter, but I'm glad to say he plans to get back here in April. So we went down into the school and she and the little boys were a great help, unloaded my car with background materials I had brought up for the Waxwork, paintings and canvases for the class. They helped move ~~some~~ ^{the} things in the school left out of order by the life classes last summer but not so badly mixed up and I arranged to have Al repair a window shade the fixture of which had broken and before he'd back for Squam went to get my books at the Hancock binocular but they had just left. and had a good talk with him and found that he was much interested about her Pilgrim material and will send him some pages & her press agrees with her that the "Pilgrim Story" has not been told accurately by the Mayflower descendants in Plymouth and he has funds to have the history revised. She came about 11, having left Marcia her 8 yr. old at school and she brought some of the watercolors she had done. When she left I went over to the Hospital to see Carmelita but found her sound asleep and will go again to-morrow. Saw Wilson's truck, flower, leaving flowers at the Hospital and ordered some flowers to be delivered there for Carmelita to-morrow. Went home expecting Mary to come with a friend about 4 but they didn't come and couldn't get an answer. When I called her after supper, called her later. She is Saturday, Oct. 11 morning at 4 I had forgotten I think

got the plumber on the lot, the man who was very good and turned the water on for me in the Spring. He will watch the temp and shut off the water

When necessary but of course I'd like to have it left on as long as possible. I left nose picking for Boston things from my desk. Stopped at the Hospital to see Carmel. He who seems pretty well but seems a vague interest. Then to the Tucker farm for a chicken. Went across the road to see Ray Forbes. He watched the World Series. Orioles won the first game. Margee telephone not coming. Ruth came for supper.

Sunday Oct. 12

Reached baggage, Ruth came over and helped me load. The car and I got back to the studio about 6 and got in unloaded. Got Mrs. Diller on the telephone and she will start in in the school tomorrow.

Monday, Oct. 13

Mrs. Diller came, the only one of the model who I did enjoy. Russell Hard didn't come. So I set up a stall before ~~her~~ and I couldn't count on him to come tomorrow except Sumner Warner who had called for long. ^{to be} ~~black hair~~ ^{black hair} has been away in Chicago but now back in Boston. Went to the market on Hemenway St, the only one which open today being the holiday, really was Oct. 12 Columbus Day but almost all holidays are now Mondays so that people could have a week-end. Got Mrs. Griffin on the tel. and she will come tomorrow.

Tuesday Oct. 14

The model Mr. Warner came and I posed him a biblical character with robes and staff. Russell H. also came but I told him I replaced when I didn't hear from but enjoyed him for the eve. + class class. Heard that up Society Board meeting which was to be

to-day has been postponed until next Tuesday, Nov. 15.
and some of the members of the Board are sick, sort of a
virus that's going round. Mrs. Hutchinson (on Cornwallis
fried) Mrs. Bailes, a colored woman Mrs. Orrendorf
came to work from the model. I wrote to Mr. Harcourt
Lindley and got my alas and the beautiful by Sergeant
book, which they re-bound this summer. Had a
telephone call from ~~David~~ Peaslee of the Associates
asking me to take a part in the play, early in Dec.
Meeting to-night at 8 at Harvard Church to read
the play which "Jury Room" I wasn't sure that
I wanted to be in a play again, went out and ~~that~~
found that a girl Mary Deal who it developed
was a friend of Jimmie and had called for when she
came to Cove House to get Jimmie for a visit three
or four years about when Jimmie had come on from
Seattle for a visit with her in several other places.
This Mrs. Deal is to direct the play and I think
she will a good job and felt I couldn't refuse to
take a part, though it is small one. The whole cast
are on the stage through as they are the members of
the jury at this hearing. I and Mrs. Fox are the
two old ladies on the jury. We read the play and
I think it's not on awfully good play it might
be good. Rehearsals will be Sunday, Tues & Thurs. even
I told them I couldn't go Thurs because of these class.

Wednesday, Oct. 15

Class in the morning, after
lunch drove out to Mrs. Sweeney's house
in Dorset just beyond Drilton village
towards Battarpan, a new neighborhood

to me. Very nice houses. Mrs. Sweeney was in a wheel chair as she is crippled with arthritis. She is very pleasant, had several photos of her husband to show me, one a very good one of him in uniform (Major Gen. I think) and I will use that one for the portrait as she has lost one the cap, with gold braid etc. like the photo. It will be head and shoulders probably 20x24 canvas. I asked her only \$2.00 I think and should have asked more. Was getting my supper when Sally Lukash turned ~~me~~ up. She had been to the opening of Jim Coleman's show. Had a nice talk with her about her trip to California where she saw Waite and his family.

Thursday, Oct. 16

Class in the morning. Went down to the Boston Blue Print to have the enlargement made. Then to market and bank and went to the evening class. Only about 8 people in and one model. Russell Harding was plenty.

Friday Oct. 17

Class in the morning. Elaine came to clean the studio. Went to a birthday party for Mrs. Tibbells where some of her friends have an apartment at 248 Corn. Ave. Rozie called for me but we left her as in just distracted and took a taxi to go to park. The party large and plenty of food and music. Late about 10 o'clock. There were a lot of people from Cop. Soc. & Shakespeare club. Got home late.

Saturday Oct. 18

Big Saturday class and the model Russell Harding gave out. I called Mr. Mendum and was lucky to get him though he was an hour late. He brought his fisherman's outfit which he will wear next week and also now on Saturdays as of course I don't + R.H. again. Some of the people set up still life, so I changed into the one model. After lunch drove to Squam, did a little work at Cove House, went to Ruth's for supper.

Sunday Oct. 19

Went over to the Willows and got Sunday papers, gas, and food. Ruth came and loaded some of my pictures in the car. Went to Maggie's for lunch. Her son John and the baby there. Quentin in N.Y. for a day or two. Drove back to Cove House, got some more things in the car. Back to Boston for supper and went to a rehearsal in the evening. Called Brooks her birthday. The new people are in and getting settled and she seems fine. Bonnie is having dental work done but will come on here later.

Monday Oct. 20

The model was Mr. Mendum in fisherman's outfit. Mrs. Diller the only one in. Went to bank and market. I have went to Shakespeare Club at the Harvard Club. Roger took me in his car. We read Henry VIII and I had two parts. Mrs. Wainwright was very good as Katharine of Aragon.

Tuesday, Oct. 21

Don Griffith and Don Dille came to paint Mr. Dendrum. In the afternoon drove to Cap. So. as I could leave my car behind. Returned an Agatha Christie at the library and went to the Cap. So. Board meeting. Got through intense to get my paper done and go out to a rehearsal. We haven't got the Foreman yet for the jury in the play and it all seems in such a mess and I think thinks it's a very good play anyway.

Wednesday, Oct. 22

Don Dille and Don Griffith in on a new pupil, a Don Freedman a beginner who will only come Wednesdays. Haven't heard from Russell Harding so engaged another model for the evening class tomorrow night. Started to tracing the enlargement for the I was my portrait. Ruth called me. Has heard from the man in Plymouth to whom she sent some of her Pilgrim songs, and he is very enthusiastic about her. Started and has interested a good publisher and she got a lawyer to call on when it comes to contract with the publisher. It would be wonderful if at least her Pilgrim book which she has worked so long for and for which she had made much research should be brought out by a really good publisher.

Thursday, Oct. 23

Class in the morning. Russell Harding stopped but I had to turn

that I had enjoyed a model for the evening class as I hadn't heard from ad don't think I could wait on my own way home to the Copying Society and took the minutes of the Board meeting to son. Bill to be typed. Returned to look at the blinding and got some things at the market. Evening class in the evening with the band. Mr. Rawelle came and is very good and I think will be dependable.

Friday October 24

Class in the morning and worked on the Suevery portrait in the afternoon.

Saturday Oct 25

Big Saturday class. Mr. Mendon as firemen. Etude came to clean studio, got sweaters at the cleaners and did some more work on the portrait. Clocks back one hour to night.

Sunday Oct 26 Day left sewing ends.

Drove to Squem where I picked up son and son at 10.30 and he did a wonderful job for me, rolling up the road bringing everything in from the piazza. It has been rather cold at night lately and I was a little worried that my water should be shut off and called the plumbers Friday evening, name Dorley in Gloucester, 283-1864 (his home 525-3563) but when I got to Cove House was relieved find the water still on. Went to the willows to get paper, gas and marketing then to lunch at Ruth's where she read some of the cues for me while I tried to learn some my lines for the 3rd act in the play Back to Cove. Home to get some things done to get the house

closed. Back to town for supper & I went out to a rehearsal. Found the director Ada Deak and the people in the play had decided to do a different one not the Jury Room. I had thought it was not a convincing play, not enough action and the climax when one of the jurors turned out to be the murderer (not at all convincingly acted) so thought it was better to have another play but the one they had decided on was *The Sign of the Cross* which is the one I had a part in about 8 years ago. I was Louisa, a rather silly friend, not a very long part but rather amusing. Most of the cast weren't there so we couldn't do much. Don't see how it can be put on Dec. 3 as the time is getting short and as one knows the lines yet though I think I won't trouble to learn mine again having the same part I had before.

Monday, October 27

The model was Lisa Ellis with her 7 weeks old baby and as a madonna with blue shawl over her head. 3 people in all 3 remain more or less Gordon who was in the Sat. show has a cold for several weeks. Went to the bank to take \$20 from Savings acct and give it to my mother as a gift for then I could send a check for \$64.24 to the City of Gloucester for the tax on my mother's house. At some point I needed a Hatfield Tuesday, Oct. 28

Class in the morning. Only two people in. David & baby fine. Worked on pattern. Went to market and wrote evening out

to rehearsal. Something going on in the hall so we had to rehearse in the chapel. I left early as I only had two scenes in the 1st Act, and I had time to work on the hem of a new dress I got at Charles in Gloucester some weeks ago which has to be shortened.

Wednesday Sept. 29

Class in the morning 5 people in, 2 of them once a week beginners. Did some painting in the afternoon. Read in eve. at memorizing my part in the play.

Thursday, Sept. 30

Class in the morning. Went to market and went to the station in eve. as to look in Christmas cards. Found one that ought to be Santa Claus with a faint pink colored Christmas decorations. Will see if I can find something better, perhaps at a shop where I see cards in eve.

Friday, October 31

Class in the morning. I will pose with hair down and long hair, with a rest but will have to bring the old and a place for it to lie. Did some work on the portrait and called on Mrs. I went to see it Wednesday afternoon.

Tuesday, Wednesday, Nov. 5

Cloudy with showers all week. I went to Mrs. Sweeney's. She is delighted with portrait. Don't do and return uniforms.

Thursday Nov. 6

Class in the morning. Then cloudy with showers. Out to bank, market, newspaper. Heard him model in eve class at 6. I will have a gift from Mr. Brander as spokesman of Mrs. Sweeney's. I don't want to go. Will visit him 4 times later.

Friday, November 7

Class in the morning. Went down town and looked

from Christmas card album at Jordan's. No luck
so my friend decided on one I saw at stationer
on Main Ave. and have set it out.

Saturday, Nov. 8

Big Saturday class. Could
do a number, and ~~got~~ got the money \$20
for advance payment of Christmas cards.
The total will be \$49.44 for 200 cards, with 10
stamps.

Sunday, Nov. 9

Drove to Squam getting off until
about eleven as the devotion man couldn't get
the N. Y. papers until much later than usual.
Got gas at the Willows and stopped a few miles
at Cove House, found the water shut off, then
to Ruth's for lunch where she watched me with
learning only lines for the play. She has had a
letter from the publisher written by the man in
Plymouth (Heller?) returning the hire part
of his dues. Very enthusiastic about it. So we
will work hard on it and won't accept any sub-
stitute teaching. Called up Mrs. Silva and went
over and got my washing, curtains etc. and
took them back to Cove House and drove home.
No rehearsal as they were doing the 3rd act as
I'm not in it.

Monday, December 10

The model was Lisa,
long hair, hairbrush, light blue bathrobe and
marketing, hand etc. I heard from Carol Hupkins
last night, asking me to return the \$50 she had signed

us. She's still not well enough to come. Too bad.

Tuesday November 11 Armistice Day, Holiday
 Class in the morning, went to Copley Sq. Band
 meeting in afternoon and to a rehearsal in the eve.
Wednesday, November 12 ^{when I got home from} ~~when I~~ had left my eye glasses,

Class in the morning
 at home all day, So dark and rainy. I didn't
 try to paint. Finally got some Deal,
 decided after play and she told me how to get
 half of a girl interested who had found them and
 had them for me. Several beginses in to draw.
Thursday, Nov. 13

Class in the morning, drove
 over to So. Huntington Ave. where Miss Clement
 who has the glasses worked in the House for Little
 Wanderers and got them. Eve. class. Don.
^{Russell} ~~David~~ gave out last week because his
 wife was sick came O.K. and will come next
 Thursday. He told me that the reason he gave out
 was that his wife had just heard that her brother
 had been killed in Vietnam and of course he
 couldn't leave her. He is going to join the
 tremendous march on Washington protesting
 against the war on Friday and Saturday. Big
 thousands of people have already come. Nixon
 is doing everything possible, gave a fine TV speech
 has sent hundreds of our men home and the U.S. has
 trained large numbers of the So. Vietnamese to take
 over the fighting, which we really never should
 have gone into in the first place though at

was late as usual. Mrs. Gordon, Son, Stells, and
 Fort Cooper in the B-St. Shakespeare Club in
 the evening alone. Houghton Centre gave a copy of
 the paper and it went well. We went at the house
 which belonged to Mrs. Rye. Nicholas, left by her,
 a ~~small~~ museum at the University. We were
 late. Mrs. Fowler drove me home.
Tuesday Nov. 18

Class in the morning. Out to
 see that and take rain coat to the cleaners as the
 almost 10 day rainy weather seems to be over
 went to a rehearsal in the evening. I almost
 know now. Came now but several people in the
 cast don't speak loud enough and there's a lot
 more to do before the opening, Dec. 3.

Wednesday, Nov. 19

Class in the morning. 4 people
 in for separate single day lessons and 2 new ones.
 I asked on the detail in the way and uniform and
 called to Mrs. Sweeney that I will bring the picture out
 again on Friday and hope it may be finished then.
 We started to go out very clear but wonderful they
 don't get anything and saw the ^{from the Lynes model} ~~from the Lynes model~~
 and Ben climb down ^{from the Lynes model} ~~from the Lynes model~~ to the surface of the
 river. It is Gordon alone "in the speed ship
 with Hooper in what is most of the scene.
 I asked on the cast in Col. Sweeney's portrait
 which was Monday and said I would bring the
 portrait in on Friday but when I thought it will be
 finished.

Thursday Nov. 20. Class in the morning out to

Frank, I don't get any more work on the
cleaning of all our room work on the portrait
Ever class. Last time with Dr. Roache. He
is going to buy the portrait soon. More did him
in the class.

Friday, November 21

Class in the morning, went to see Mrs. I we may taking back the photo and cap, Sam's delighted with it and left me my knives which I'll sell later when I can. I can take my with me and with the permission we sent by Sam. I feel kind of nervous, she wants to live with it for a while. I don't know if my will be quite as simple. Sorry I didn't tell my point but it's a bit of a secret. I'm not entirely honest either. The ashtrays are 22 pence 3 days on the moon. I picked up a lot of new specimens and washed in the water where the the Surveyor 3 was and satellite had crashed and in 1967 and got parts of it to take back.

Saturday November 22 - to visit Brooks
Sat. Nov 22

Sat. day, Nov. 2nd. The
girl shot engaged, Virginia Wholen, Green coat +
beret, fur collar. The other one, Ruth Kates, was
sick but sent her nephew Mark about 14 yrs. with
D.K. Went to the market and got some silver
pluggers at a shop that on Mass Ave. to wear with
my hat. Her mother is in town. The party left
that afternoon and father about 10:30 planned to
be in the city. 2:30 - was in the city.

blue. I have had left in my left closet with the
dark blue one, dress Rose. I have one but they are
both gone. It must have been stolen at the time
my mother had the clothes disappeared - about 3 yrs.
ago. I have seen a coat the light blue and the
slippers will be gone with it.

Sunday, Nov. 23

Drove to Squam. Ruth was
there at Cove House and had been putting
away books and ornaments. Am not going to bother
to take down living-room curtains. We got a
new all clothes for the winter except in living
room turned off all telly and Maggie after lunch
before I drove home. Auntie & Bern at the baby
and the but went out soon. Maggie may let
come to play Wednesday, Dec. 3, and spend the
night with me. The rehearsal in evening
Monday, Nov. 24

— Did work for the weekly
class on Monday and on Tuesday & today, went
to do the life this week. Got it set up and
F. O. Rogers came and painted it for two days.
E. M. L. & M. J. L. came in. In the afternoon I
went to the house of "Garnett & Her mother" to look
to be packed and to the son's clothes. I had
a letter from him with a cheque for \$25 and he
will send the remaining \$75 when the picture is real

Because of Thanksgiving

Tuesday Oct 20th, I showed up as planned and
 at 8:00 Dave drove him home.

Wednesday Oct. 21

class in the morning. The
 man who I promised to wash the windows
 didn't come. I haven't been able to get him on
 the telephone "Citra Window Cleaning" was at the
 and got postage stamps and got my desk calen-
 dar for 1970. Went out to a rehearsal but
 found the stage dark. Waited about an hour
 and then went home. I went to a symposium on the
 Thursday Oct. 27. Thanksgiving Day.

Ruth came and was putting
 away things. It was a Sunday I did this. Went
 to her which and made some more telephone calls.
 The gas is not terrible yet at Cove House.
 Found the Willows closed when I had expected to
 get gas and after everyone I could ^{think} of I
 called the Rockport police as I did not have
 enough gas to drive back to Boston. They
 told me of a filling station just beyond the Elm
 corners on the road to ~~Rockport~~ Gloucester from
 Rockport. So I got a fill up and went back to Ruth's.
 I had planned to leave my car in Squam for the
 winter but have decided to keep it out until a week
 from Sunday as really have to have it all through
 next week in the day. So impossible to get there to get
 back to Boston. When then, Will take the
 train home from Rockport on Sunday Dec 7.
 and have persuaded Ruth to let me do this so we
 wouldn't have to take me to Boston in a car.

Spent the night, when I got home after supper I
pressed my dress for the play.
Friday, November 28

Miss Gordon the only one in
I went to the library to get a Pearl Buck book
"The Three Daughters of Spring" to the
Downtown store overhauled out there to Mr. McArthur
to fix a tooth that had broken off. He wants
me again next Thurs. Went to a rehearsal
a lot of interruptions as they are setting up the
scenery.

Saturday, November 29

Saturday class Big crowd
Both mod. & come. Had to leave early at 12:30
in a permant, nice pupil Robert G. rate
dinner. Pat "new at Romanos gave me a very
good permant, came treatment and stretched as at
Miss Beaton's a lot of miss B's clients now
come to Pat who now has a job there where Miss
B. ~~school~~ gave up but will have her place in
the school in the summer.

Sunday Nov. 30.

Got everything ready in my
suit case for the dress rehearsal at 3:30 p.m.
costumes, all was made up. It went pretty well.
Went to Howard's shoe store at Coolidge Corner
to get another pair of shoes. Had brought the rest-
of the shoes and back to another rehearsal in the eve.
Monday, Dec. 1

Too much was Lydia Roubie.
in her black dress. Three people in Miss Gordon

Don. William and Ellice Endicott. I don't know, a
 down town in subway in? I got a new day,
 invitation alligator for lovely one, real, real and
 gone one year, ago is going to piece, also gloves
 need had a new Agatha Christie "Hallowe'en Party"
 for Brooks for Christmas. Back in the subway,
 for me, and couldn't get taxi, went to market. A
 little light snow and sheet and quite about of
 wish I don't have to cope with Christmas.

Tuesday, Dec. 2

Class in the morning. I have
 out to station to take. I saw my father, my
 faint box as they were with things. I had written
 they were wanted, fixed but I left it with the father.
 All it was, a little more, a little more, a little more
 and I checked a note to the father and I feel. The
 same for the little. I signed for cross common which
 a little red in center for K of a small and I took it to
 home and will do what as I don't a small enough about
 with me to do it. A few office - lot? Howard I think
 will say so. When the father is ready and will
 bring a frame. It is to hang in the building that is as
 the father. A man in a light blue, as if I don't know
 this day, I don't want to know, the father is the

 beside the one I painted some days ago which
 has to look like the deceased father of my boy
 in the play is simply impossible. In the mother
 size, sketched in red ink on brown paper. It

supposed to be a portrait of the mother who young
 made the leading part in the play, the one of her
 husband I ~~did~~ using the tiny little photo the
 young^{man} in the play gave me and I was able to
 paint the portrait. I painted from photo of the two
 people in the play ~~the~~ from photos of them when we
 had the play about 8 years ago and I still had them.
 I took the one I had fixed of the man and took it to
 the rehearsal on Sunday and it is O.K. but the
 one of the girl was impossible. So I got over Clement
 having to borrow some photos of herself for the
 national will get them from her to borrow
 and will somehow have to paint the other then.
Wednesday, Dec. 3.

Class in the morning. Had to
 leave them and drive out to So. Huntington Ave.,
 and get the photos. Rich soon. Clement had left for
 me. They are not so much good to work from, just
 a snap ~~shots~~ shots. Maggie came for me at 12.30
 and we went to the S. L. Rehearsal at 1.00. I saw
 2.30. Beacon and she drove me home. She had
 decided not to stay for the play on the night. Not
 withstanding anyway as I was only the dress re-
 harsal. When she left I only had an hour before
 it got too dark to paint but managed to get some.
 The dress time is nearly over a dress. I got
 to the dress in time at 7 a.m. the two portraits
 for the scene setter, got made up and dressed
 and the rehearsal went well.
Thursday, Dec. 4

Class in the morning the evening

right of the day and I had to make sure all was C. O. K.
for the Eve. class as I couldn't be there myself
of course. Got everything ready, arranged for Don
Robson to call for the Model, & leave money for
him. Went to the dentist at 3. Two small
cavities at the front teeth & 3 have left cleaned.
Out at 7 for make up and in costume. I was
terribly tired and I rolled up some of my ~~lines~~
lines though I really know them thoroughly.
and did some land for. Hope I can. really do it
right to - tomorrow.

Friday, Dec. 5

Class in the morning. Had to
leave them for about an hour for a meeting of
City Art Commission in the ^{new} government
centre at the new city hall temporary place with
big buildings, garages and huge plazas all built some
years ago when all of South Bay Square was torn down
and leveled off. We don't sit there, in an office on the
7th floor. Nelson Aldrich was the chairman, Mrs. McKibben the
secretary and about 3 others (can't remember their
names) and a Don. I'll give him of the B.R.A. (Boston
Redevelopment Authority) He wanted the Art Commission
to pass on the design of stainless steel (you couldn't call it
a statue) to be set up in one of the plaza and designed by
an American artist now living in Rome, a Don.
Pezzer. The photos of her work I thought were terrible &
mostly square blocks with no artistic merit but
Don Aldrich apparently approved of what I thought
were tasteless atrocities. His vote to have her
sublime models. The city is to pay \$5,000 for the

way out we were shown the ~~the~~ huge plan for the
 World's Fair Expo which may be held in either
 Boston or Philadelphia to ~~the~~ celebrate the 200th
 anniversary of the Declaration of Independence 1776 to
 1976. If in Boston it will be constructed on
 Boston harbor near Dorchester, filling in between
 that and Thompson's plan and a huge table
 showing in the streets of important building with
 light buttons to show the placing of the building
 that will be built for the Fair and the exhibition
 building. I wonder if I will still be alive in six
 years to see it all and all the other changes that
 are being made in Boston. In the afternoon I
 took my painting "Waiting for Low Tide" to the
 Guild for the next members' session, where to
 library, bank and market and the play in
 the evening. I think my part went rather
 better. The young man Peter Pierce "David" in the
 play urged me to join the "Cast party" after
 the play which was to be at his mother's house in
 Brookline but I felt I had to accept though I much
 preferred to have gone straight home as I have a big
 class on Saturday. However I drove out with Celia
 & Ed, the director of the play, but we got lost and
 couldn't find Clyde Street and I took her to her
 home in the working village and drove home. Called
 home to explain when I got home. Glad the play is over
Saturday, Dec. 6.

Big Saturday class. The boy Mark
 ... Kates ... told us he can't go next
 Saturday, has to have some kind of examination.

and I'm disgusted as it means to wait here to get another model for that Saturday and then have the new model for in January and will have to keep the easels in the same work, both boy can finish the Sat. before I go away for Christmas and then have him for the last time when we open again Jan 3. Ruth & Kate will let me know what we can do. At home in the afternoon and addressed Christmas cards and wrote long letters to K. and Bonnie. Finally I got my windows washed by the maid even Rennie.

Sunday Dec. 7 ^{Stole in but going away & several guests}
Drove down to Squam. Found the gas still on at Cove House. Have telephoned twice but the company is on strike so I decided I'd have to get a glimmer. Drove to Maggie's for lunch, Ruth came too. Has sent off one of her sons and encouraging letters from the man in Plymouth who has got her publisher interested. After lunch drove to Squam and left my car in the garage for the winter and Maggie came in her car and drove me to Gloucester, where I got a 4 o'clock train for Boston and a tax. home.

Monday Dec. 8

Was getting the model posed when I had a long distance call from K. She said Bonnie was worried about Brooks, seemed not well and that she was going over to P. to see her. I called Bonnie. Brooks' voice sounded just like herself. I told Bonnie that I simply can not go now until Dec. 21 when I will be in. It is too bad that she will get my letter to her & K. giving what I passed to me from the encyclopedia that what she

has in diabetes insipidus which though it has excessive urination which was her symptom it is not the kind that makes sugar in the blood. Bonnie had written that it was just "old age diabetes" and not serious and the hospital has given ^{her} a diet (not insulin) and apparently she can have sugar, so it sounds like diabetes insipidus and probably the Dr. has given a diuretic for the urination. Hope Bonnie will ask the Dr. about that and about her name for the pituitary gland. There really seems nothing that I could do there now. After all the Dr. is in charge. Went down town in the afternoon and got some Christmas shopping done and got a taxi home.
Tuesday Dec. 9

Class in the morning. Found that the girl who is going this week, Jennie Wilhelm is a friend of Hope's, ~~went~~ to Garrison Forest school has ~~also~~ even been to Squam and to the boat landing not knowing it was my house. She knows John & Woody too, a nice girl. Went out in the P.M. mailed a book to Joanne for Christmas and wrote her about Oda & Deal who had ~~not~~ stayed with us when Joanne was visiting me at Cove House some years ago and Oda & Deal came for lunch and got some. She directed the play out to market and friends.

Class in the morning. The Robson, in Ellicott, Mrs. Miller, Govin & Mrs. Atteridge, Martha M. Fitzgerald. Went to Cady Sq. Annual meeting, going first to breakfast and to

meet. Pat took down Cox investment where I
 have the good sign early in the day, I, over a good
 meeting and a good crowd all pleased with myself.
 Took 15 minutes. David telephoned in the
 above situation about Brooks and Bonnie. Says
 I should go on to P. at once to help Bonnie, call
 K. who agreed I can not leave my classes now.
 Said he would go to Bonnie and would see the
 call. Bonnie was very upset her difficulties
 with Brooks. Thanks I should leave everything
 and go on at once. I talk to her about how I
 could possibly rely on taking a taxi to the Princeton
 Flying Field. Told her I would see what I could
 do and decided I would have to take the train
 on Sunday (can't leave this after the 2nd class and
 would have to get back Wed. to get back to the Thurs-
 eve class leaving the week day class, none to give
 the second 8:30. I send him to the store and others

 she seemed perfectly calm, and she had heard
 from K. and the Dr. and Bill Stewartson and
 arranged about the matter of attorney for Brooks who
 is not able to sign cheques now but that everything
 was arranged. He agreed that nothing was
 to him one or once and of course I would be willing
 to help when I could. Dec. 21

 that she had the building, had turned left from Jones
 the not right. She will come tomorrow afternoon.

Saturday, Dec. 20

A big Saturday class and several of
 them gave some Christmas presents. Beverly ~~and~~
 a friend came and we decided on a party out for
 a year. When the Sat. class starts again. Left Christmas

 things from it down to E. Scott to use or keep

Got off in good season for the
 6 o'clock train from the Back Bay station for
 Phila. Had got all 4 tickets from the newsstand
 and worked on Times crossword and read the paper.
 Got lunch in the diner arrived at 30th Street about
 4:30. Dressed late, due at 4:30. Hiram & Judy
 met me. We called Princeton after supper and
 talked to Bonnie (Brooks evidently asleep). She
 said she can not come to K'n. for Christmas but I
 hope will go with Brooks to Van B. (Leaves with the
 nice girl Rita and I. & J. probably Judy will go.

They have grown much taller and their hair is long
May graduates from High School and may be
going to International School in Geneva next year
Sunday, Dec. 22

Went out shopping with K. & Judy. Also on Tuesday and Wednesday and on Wednesday got most of K's wrapped for her and got her to put the tags for them. She forgets a good deal but Judy is fine and is a great help to her and to Jim too. He and the boys had got the Christmas tree and helped Stan decorate it late evening. Judy & Benox ~~Thursday~~ ^{Friday} as Christmas the boys came over and brought their presents and we hung the stockings and got the presents all out.

Thursday, Dec 25 Christmas Day. Ben & Judy
and the boys came over and we opened our
presents. Jim & Judy gave a dictionary which I
needed as my old one was going to pieces, a nice
Webster's Collegiate, K & E. crochets & cross word books,
check from Elliott Fink & Co, novel "The Salzburg
Connection" by Helen MacInnes. The ~~Stegies~~ Steeles,
K & Charles, Chas & Anna and the two children
observed as I carved and we had Christmas dinner
turkey, at both ends with Jim & K. Steeler coming
after lunch we opened the Steeler presents and they
were Call & up B. & B. who were having lunch with
the ~~Stegies~~ who built B's house and K. called G. into

It began to snow and the S' left and we had supper
by the fire and I worked on one of my Crosties.
Tuesday, Dec. 26

~~It~~ The driving seems rather bad
mostly wet snow and slush and puddles of water in
places but after early Princeton we decided to go.
Jim & Judy driving. No trouble at all and we
got to B's about 1:30 and had lunch. Brooks
seems practically normal to me and is to see her Dr.
again on Monday from whom she wants to get exact
diet. Bonnie felt she is not following the diet the
woman, practical nurse, who is out again again
until Monday, is supposed to be following. Bonnie
~~is~~ very upset and flies off the handle and criticizes
me for agreeing to agree with Brooks. I think it
should be left to her until she talks to the Dr. again.
Brooks went to bed early and not wasting any supper
(we had had tea when Mrs. Hester was here who
lives in B's former place ~~and~~ when Bonnie called
her). Later, Bonnie took up some Dickon soup
waffles, soufflé and dessert and we ate most of it by
Bar & I got our supper on trays and watched T.V. and
B took up ~~some~~ ~~one~~ ~~of~~ ~~the~~ ~~crackers~~ ~~and~~ ~~drinks~~ ~~for~~ ~~her~~ ~~later~~.

Saturday, Dec. 27

It's a nice day. Went across
to Jim's notes, worked on Crosties and in the ev-
ening watched T.V. with Bonnie. Brooks had come to bed
early. The young couple who lives in the apt. over
the garage and drive the car which Brooks has
got for them and who are one person in her rent in
relation to jobs which they are now supposed to do

do in the house and about the place have come
away to visit relatives as we have no car as the
H. front letter drive and Bonnie can't either
Don't all it matters about we ever come over with
his snow tractor and cleared up some of the snow
in the court yard so people could drive up to the
front door.

Sunday, December 28

B. & B. Howardson came with
his car and 3 children who had been skating and
took us to his house for lunch and drove us
home and when he left set up a bird feeder he
had given B. in business and set it up on the house
lawn. Watched T.V. in the evening. B. & B. Howardson
is trying to get B. works to arrange a lawyer's fees
to leave to him his money & attorney's fee
gets mixed up in a heck book and look at the notes
Tuesday December 29

The upper an colored and at
~~who has~~ who as a ^{part of the} ~~disturbance~~ of B. works and who
was away since B. works came back this morning
and worked out the menu with Bonnie. The kind of
diabetes she has calls for a special diet, no
sugar of course, no butter and I don't know what
else but a generally good clean diet to live on when
she gets used to it and will call on a Groomer
Ordin (see President) who comes every morning to
do a balanced work in B. works came this morning
and a woman came for laundry work. The young
couple have not ~~at~~ back, held up again and I had
to appear how get to Thorton to get the man

In the morning we asked Joan on
 she will dance one every night 12.30. The girl came
 in see Brooks, now was a nervous patient. Brooks
 a diabetic and Bonnie got tea on then stayed
 upstair in my room while they took I was her
 the cold and symptoms until after 2 hrs. I was
 on a very nervous state and had her several
 blow ups. She never has liked cooking and man-
 ketter and I do not ^{do} think about it now though
 she was a wonderful cook. I have done what I
 could to help Bonnie, mostly clearing up meals
 though they have a wonderful dish washer which
 I can help to load and unload and get dishes away.
 but I was able to make a cheese omelette for supper.
 Brooks just stands around the kitchen or looks out
 the window and just gazes out or say to someone
 doing over and over about her life or anything. Joan
 took her to her life where she had an appointment and
 took Bonnie or she could go to the market. Brooks
 likes to be very much and felt her talk with him
 had helped her. It is giving her certain pills and is
 pleased with her progress. Bonnie's worst blow
 up happened ^{when} we were all in the kitchen and
 Brooks seeing B. observing said what are you eating
 and I said I was eating a piece of candy. At
 which Bonnie exploded, told me to get out of
 the house or run to show myself how
 out of the kitchen and went out doors nearly where
 she sat down after awhile. It was a tragedy. She

herself a days ago had on a green box of candy on
 Christmas from Elvira & Edna had passed it around
 saying she thought a little green was a good thing to eat
 and I can't ^{see} why my remark about it ^{wasn't} having a
 piece of ~~box~~ ^{box} our candy, is any candy should be
 up to her. I know she is under a strain and I
 am hoping that Katherine and Mary who we
 have telephoned are planning to come over on
 Wednesday ^{and} they be able to see what can be
 done to have someone living here to care for
 Brooks and give Bonnie a chance to get
 away for a while. I certainly feel that I haven't
 been able to help her as I always apparently
 say the wrong thing.
 Tuesday, December 30

I can come about the
 twelve when we were eating lunch. We
 saw her sitting downing up the railroad in the
 University. Bonnie had left it downing up that
 the young man who has not ^{yet} arrived would attend to
 it. ~~But~~ And though it was nice of Joan to let her
 officiously inviting, had agreed to stand on the path
 to the letter box where Bonnie had cleared the snow
 and was out in it. She expected Bonnie to buy things at
 the market that they didn't want and Bonnie has not
 arrived home in weeks. She and we ~~went~~ ^{went} over
 to Trenton and ~~waited~~ ^{waited} for getting ~~parties~~ ^{parties} and
 and stayed with ^{the} ~~the~~ train came, almost an hour
 late. I found to my disgust that I had forgotten my
 eye glasses had left them near the front door. My
 bag was all packed up. I went up with Joan to get it

and forgot my glasses near the
front door,
down and into the car. So it was a long tedious
trip to 1300, with nothing to read or do the
whole time I had planned. Two towns and a half
later, a accident on the line. Got the food I had left
in the Scott's deli, called Bernice. She had found
my glasses and mailed them. So now I give
her the trouble. So thank you to be home
Wednesday, Dec 31

Had breakfast and went
down into the school. Everything O.K. Wilco had
washed my glasses and Mr. Silverman had
been in a few evenings working on his big
steel-belted hydraulic Christmas car is a real
dive check. Went to bank and market.

Thursday Jan 1, 1970

at home in the morning
and can sit along fairly well with my old
glasses helped by the binoculars class. Bernice
had given me in Christmas. Went to the
Cockley Society New Year's reception and open-
ing of the Chamber Exhibition. I didn't stand
any of them. Big crowd. Got a ride home from
Mr. & Mrs. Perkins. Wrote note to guys etc.
watched the New Year's celebration on TV.
Friday Jan 2

Wrote to Jimmie. Out for
market and bank. Today I'm about snobs
and was in on it. Finally got one for the
store and friend Miss Liberty. Don't know
how to get a bottle for lunch at the Over-
seas House. I haven't even seen it.

years ~~at~~ but when I got her Christmas card
 I called her up. We have been wanting to get
 together so we did and I had a most interesting
 talk with her. She has now a special group to
 head of publicity from B.L. but a very competent
 person with a lot of ideas. She wants me to write
 my autobiography because I have painted so
 many prominent people. Her husband has
 now retired from B.L. He, like Brooks, has
 diabetes in a mild form. Just hers, no insulin
 or green pills and special diet, no sugar or
 butter. Also I was interested to learn that I
 look like a little worse and confused more
 than she does.

Saturday Jan 3

I in Saturday class. Both
 rowles came. Out to market and wrote her
 letter to B. and B. who I could hear from
 them and from K and Judy Desperate for a
 model for Monday. Finally have one for the
 evening class Thursday.

Sunday Jan 4

At home all day. Sunday papers
 washed clothes and finally got a model for
 Monday, a Mrs. Rosenthal from the folks of Ruth
 Baker's brother Mrs. Pressman.

Monday Jan 5

The model Mrs. Rosenthal came
 out very interesting. She is a sister of Dan Miller
 started her but I am not interested and asked
 a little bit the same by one that never let her

am working on. Went out in P.M. to bank & market

Sunday Jan 11

Monday Jan 12

Doris Gordon at Celice in to paint steel by. Doris Deller has to have an operation in two weeks and has things to do. Had a hysterectomy and got a new uterus on way. Left in P.M. (Doris) doesn't want her out side job & find it has now, believing that this is the best it should be taken out, and after Jan 16 she will be out several

weeks. So the class will be even smaller.

Tuesday Jan 13

Class in the morning. Went to
Copley Society Board meeting in the afternoon.

Wednesday Jan 14

Class in the morning. Maggie
came for me after 12 to take me to the Sunday
Circle Luncheon at Longwood Towers. Mrs. Duggins
Morgan stopped for a while before she had to go back to
Rockford and I talked to her about the situation
in Princeton and how worried Sam and I are. She
expressed that we should have a practical nurse regularly
living there to relieve Bonnie who apparently is
now under such a nervous strain obviously. I
decided that I will talk to Judy on the telephone to
see what can be done. Called K. a day or two ago
and she said that Judy had gone to P. to see B & B,
Tuesday after I left. Bill Stewardson a lawyer
friend who is there apparently to get Banks to get
an attorney to handle his financial affairs but I
didn't get anything very definite from K.
~~just~~ just that she liked Bill Stewardson
which I know anyway. Went to the Odeon
with E. Endicott, don't believe I saw her. The
play was a musical "Hello Dolly" with
an almost colored cast. Pearl Bailey, the lead.
It was founded a play "The Dutchman" by
Thurston Wilder which I remember some
years ago. Large cast with many scenes, a lot of
dancing and music. We didn't like it though it
is very popular, draws large crowds and applause.

Pearl Bailey, large colored woman "Dolly"
has a nice personality
Thursday, Jan 15

Only Mrs. Gordon in pause
still life. Out to market and to the Eve. class,
Friday, Jan 16

had been painting the girl and I real up still

So relieved because she seemed calm
and everything apparently O.K. A new couple
who seems an improvement are coming to occupy
the apt. over the garage to-morrow and they
both have cars and I hope will be a help
to Bonnie. As things seem O.K. I didn't call Judy
Sunday, January 18

at home all day except
for going down to see Edith Scott. She had
a lot to tell me about June Jones. A few
days ago, early this week there was a big
truck parked at the entrance to our building, back
up ~~and~~ part way up on the steps leading all
the things from June Jones studio, clearing them out

to put them in the storage warehouse. Evidently she is being evicted because of two years non-payment of rent. We have known that the landlord had not been able to get any response from and she refuses to see anyone. We think she has a job in a restaurant but apparently not enough to live on. The studio was a terrible mess and the elevator men have had a job clearing it out. The worst thing is that E. Scott heard that she has spent two nights in the wash-room next to the elevator sleeping on the floor! I don't know what the superintendent Al Coleman been able to do but he has said she will have to leave. It's a terrible situation but apparently there is nothing we can do.

Monday January 19

Model Judy Marjorie friend of Mrs. Fierstein. Only Ellyce and Mrs. Gordon in took the minutes of the Board meeting to the Copley. So ed went to the market. Went to Shakespeare club at Mrs. Eastman's; 180 Beacon St. in the evening. Roger E. took me. Play was "Timon of Athens" not the best of S. at all. He took it back and stated about the
owners who called up the Emerson people who
made the set for one and they said that ~~one~~ ^{one} set
was made for either DC or AC. "one of the last
they made about 5 yrs. ago. on the whole trouble
was that it has to be plugged in the right way. I've
always found that if the TV set is on DC. I
~~some found~~ simply had to turn the plug in the
other way when I had just turned it on. I went to
Squam where there is AC. Set is all O.K. now and
is fine. Thank goodness I still have one that can
go on either. as I would have to get converter
Our building one of the oldest still on Direct
current and it would cost the owners a lot to
change it. A W. still can't have electric clocks
and I had the refrigerator fixed for D.C.

~~Friday January 30~~ Went to the Copley Society in the eve. for a talk with slides by Bill Jewell about Winslow Homer. Very good at a good-sized audience. Saw Don, Clelland who studied in the class with me years ago at the ~~drone~~ home. Lives in Wellesley now.
